

Privacy Starter Package

Whether you're an early-stage startup or a well established SME, privacy can still play an important role in allowing your business to grow. The PrivacyWorks Starter Package provides an easy and affordable way to kick off your own privacy program and ensure that your organization is up to date with the all applicable privacy laws.

Get compliant for a fraction of the cost of your lawyer.

Maintain Client Trust

People buy from companies that manage data responsibly.

Reduce Risk of a Data Breach

Data breaches are costly and can cripple your company

Achieve regulatory compliance

Avoid hefty fines, legal fees, and negative press.

The Starter Package includes:

- Website Privacy + Cookie Policy
- Internal Privacy Policy
- High-level Privacy Roadmap
- Employee Confidentiality Agreement
- Online Privacy101 Training (5 seats)
- Regular privacy news updates tailored to your industry
- Compliance checklists (GDPR, CCPA, PIPEDA, etc...)

Is cash tight? Privacy is important and should be accessible to everyone. We're proud to offer discounts and payment deferral plans for our new startup and non-profit customers. Contact us today to learn more.

Contact us today to see how we can help take privacy off your to-do list.
